

AWARD FEE FINDINGS AND DETERMINATION

This constitutes a determination of award fee earned by the COLSA Corporation under Contract NNM04AA07C with the George C. Marshall Space Flight Center.

The Performance Evaluation Board, acting under the authority of the approved award fee plan and the contract, has completed its evaluation of the contractor's performance under Contract NNM04AA07C for the period July 1, 2006 through December 31, 2006.

The Board's assessment of the contractor's performance and its recommendation to the undersigned Fee Determination Official for the periodic evaluation is a numerical rating of 97.6 or an adjective rating of EXCELLENT and an award fee percent of 97.6.

FINDINGS

Upon a review of the Board's considerations in arriving at its recommendations and the contractor's response to the Performance Evaluation Board Report, I hereby find the EXCELLENT rating to be a proper assessment of the contractor's performance for the stated period.

DETERMINATION

Of the total award fee available, \$421,326 was applicable to the current evaluation period.

Based upon findings set forth above, I hereby determine that the COLSA Corporation is awarded fee pursuant to Contract NNM04AA07C, in the amount of \$411,214 for the period ending December 2006.
