d. Contractor invoices shall be submitted in triplicate in accordance with Clause G.2, Consideration and Payment, of the basic order.

8. SPECIAL ORDER REQUIREMENTS

This Task Order shall be performed in accordance with the special order requirements clauses in Section H of the basic order.

9. ORDER CLAUSES

This Task Order shall be performed in accordance with the order clauses in Section I of the basic order.

10. OTHER TERMS AND CONDITIONS

All other terms and conditions as contained in the basic order, NNM05AB31C, are applicable to this Task Order.

11. ORDER OF PRECEDENCE

Should a conflict arise between the terms and conditions as shown in this Task Order and the terms and conditions of the basic order, NNM05AB31C, the basic order shall prevail.

**Performance Work Statement
for
Task Order NNM06AB28T, Business Support Services
For EV02/Engineering Spacecraft and Vehicle Systems Department
Basic Order NNM05AB31C**

1.0 INTRODUCTION

The Contractor shall perform this Performance Work Statement (PWS) in accordance with the PWS contained in the basic order, NNM05AB31C, Acquisition and Business Support Services (ABSS), and with the terms and conditions as set forth in the basic order and as supplemented in this Task Order.

2.0 PROGRAM MANAGEMENT

The Contractor shall provide program management and control for this Task Order pursuant to PWS paragraph 2.0 of the basic order. All plans and reports will be provided to the Government in accordance with the direction contained in the Data Procurement Document (DPD) 1079, Attachment J-2 to the basic order, and as directed in paragraph 2.0 of the basic order PWS.

3.0 BUSINESS SUPPORT

3.1 EV02/Engineering Spacecraft and Vehicle Systems Department

3.1.1 Business services support is also required to support managing and maintaining project documentation and performing funds control and budget analysis. This type position requires bachelor's degree and 2-4 years of experience in the field or in a related area.

3.1.2 Provide business support as required to the Spacecraft and Vehicle Systems Department. Provide analyses of the effectiveness and efficiency of operations and provide management with pertinent information to manage and control department resources being utilized to support programs/projects. Tasks will include (but not limited to) assessing changes in program/project content and recommending possible courses of action; provide independent status reports and assessments; track and analyze workforce, budgets, funding, costs, and contract status for multiple programs/projects supported by the Department. An understanding of government financial processes and experience with an integrated financial management system are preferred. Proficiency with MS Office applications with an advanced knowledge of Excel is required. Requires the ability to maintain confidentiality of data. Excellent communication, interpersonal, and analytical skills are required. Must be able to work independently and with minimal supervision. This position requires a bachelor's degree and 6-8 years of experience in the field or in a related area.

3.1.3 Business services support is required to provide assistance in maintaining project documentation, performing funds control and budget analysis, maintaining and providing program/project resource status reports, and performing various resource (budget/workforce) related tasks. All documentation and work processes will follow the CFO and Office of Procurement requisition initiation Marshall Management System. Business skills required are in the areas of accounting, budget formulation, and cost and performance assessments. This type position requires a bachelor's degree in area of specialty and 6-8 years of experience in the field or in a related area.

3.1.4 Additional support is needed to provide business support as required to the IDA Work Package Manager in the Spacecraft and Vehicle Systems Department. Responsible for the IDA Engineering Directorate (ED) work package spreadsheet and all resource and costing data associated with it. Individual will be responsible for setting up meetings, taking actions and notes, and assisting the NASA/MSFC Work Package Manager in tracking actions as well as coordinating with sub-WBS managers on scope, tasks, resources, schedules, and deliverables related to the work package, as well as for determining and tracking cost and comparing with allocations. This position involves working with sensitive contractor proposals and rates on a daily basis and evaluating labor charging data. It requires extensive experience in Microsoft Excel, including establishing and maintaining graphs and multiple linked files, and requires the ability to maintain confidentiality of data. Excellent communication, interpersonal, and analytical skills are required. Must work independently and with minimal supervision. Requires a bachelor's degree and 4-6 years of experience in the field or in a related area.

3.1.5 Business services support is required to support the Vehicle Systems Engineering Planning and Control Branch (EV94) in the Spacecraft and Vehicle Systems Department. Responsible for assisting the Branch Chief, Assistant Branch Chief, Team Leads, and Product Lead(s) as needed to insure appropriate identification and use of EV94 resources. Individual will be responsible for mapping EV94 FTE/WYE allocations to funded tasks and products, tracking EV94 FTE/WYE actuals against funded tasks and products. Responsible for maintaining EV94 organizational charts and work responsibilities per funded tasks (work flow), act as day-to-day liaison between EV02 and JP02 business offices and EV94, coordinate (submit) requests for increases and reductions in contractor tasking with contractor, EV94 management, and affected NASA business offices. This position involves developing and present resource/business reports for JP WBS Managers and EV94 Managers and Product Leads as requested and as necessary to manage work, working with WBS Manager/Branch Chief/Assistant and Product Lead(s) to generate and maintain work package(s) and changes to work scope, developing EV94 resource requirement proposals for project POP submittals. Required to handle all EV94 resource activities including: purchase requisitions, funding of contractor support, office space, personnel moves, ADP supplies, and etc, maintain resource data systems access and competency (example: ICE, DDMS, MRPT database, AS21 Space Utilization database, ACCESS, WIMS, and etc.) and

maintain deliverables: POP submittals, MRPT inputs, resource/business reports, EV94 organization charts, and EV94 personnel office space reports. This position involves working with sensitive contractor proposals and rates on a daily basis and evaluating labor charging data. Requires extensive experience in Excel, including establishment and maintenance of graphs and multiple linked files. Requires the ability to maintain confidentiality of data. Excellent communication, interpersonal, and analytical skills are required. Must work independently and with minimal supervision. This position requires a bachelor's degree and 5-7 years experience in the field or in a related area.
