You may use this card to provide comments specifically related to the NASA Santa Susana Field Laboratory (SSFL) Draft Environmental Impact Statement (DEIS).

- I am providing this written comment to a NASA representative as an official comment.
- Please ask this question for me during this public meeting. I understand that if I check this box it is for question purposes only, and will not be considered an official comment.

The whole project is not acceptable
 Damage to the health of the community
 far outweigh that of not doing anything
 stopped this will produce dust for the
 next 100 years. How do you anticipate that
 Leave it alone / fence it / make it
 a museum / park /
 AT MAXIMUM if it must be done DO ONLY
RESIDENTIAL STANDARDS
